

Composting Workshop

Presented by
The City of Walnut and Valley Vista Services

Saturday, March 20

9:30 am to 11:30 am

Walnut Senior Center

21215 La Puente Rd., Walnut

Free

Composting is the way to recycle your yard and kitchen waste into nutrient-rich soil for your yard or garden. Composting is also a critical step in reducing the amount of garbage sent to landfills for disposal.

A presenter from the County of Los Angeles Smart Gardening Program will conduct this free workshop which is co-sponsored by the City of Walnut, the County of Los Angeles Department of Public Works Environmental Programs Division, and Valley Vista Services, Inc.

Pre-registration is not required, but is encouraged since Valley Vista Services is sponsoring a free raffle for those participants who do pre-register. Raffle items may include composting bins as well as other garden-related items. Information on how to purchase composting bins will be provided.

To register, or for more information, please call the Walnut Community Services Department at 909-598-5605.
