

Home Energy Performance— How Residents' Houses Can Measure Up

Join us to learn about cost effective ways for residents to improve their home energy performance.

Free Workshop

Tuesday, October 20th • 1:00—4:00 PM

The ARC • 14403-B East Pacific Avenue • Baldwin Park, CA 91706

Residents can stop wasting energy and increase the comfort of their homes with simple, affordable energy-efficiency fixes and retrofits. Learn how to take advantage of the latest technology, rebates, tax credits and incentives that help offset the costs of these improvements.

Featuring experts from Hartman/Baldwin Design Build, an architecture and construction firm based in the San Gabriel Valley.

San Gabriel Valley
Council
of Governments

There is no cost to attend. Please call (626-564-9702) or email (sgv@sgvcog.org) by October 14th to register to attend. Space is limited.

This program is funded by California utility customers and administered by Southern California Edison under the auspices of the California Public Utilities Commission.
