SUPERVISOR FIFTH DISTRICT

Ms. Jenny Renne  
20532 Seton Hill Dr.  
Walnut, CA 91789

Dear Ms. Renne:

Thank you for your letter concerning the proposed KRLA/Salem Communications radio towers in the unincorporated County territory between West Covina and Walnut. I appreciated it and share your concerns.

Salem Communications has submitted a Conditional Use Permit (CUP) request for this project, and an Environmental Impact Report ("EIR") is being prepared. The EIR will fully analyze all impacts upon surrounding residents. Staff will finalize the EIR, analyze the project, and make a recommendation to the Regional Planning Commission, which will vote to approve or deny the CUP application. Should the Commission's decision be appealed to the Board of Supervisors, I will consider your views before voting on the project.

By copy of this letter, I am directing Bruce McClendon, the Director of the Department of Regional Planning, to add your name and contact information to the official mailing list for this project. In this regard, you will receive advance written notice of the Regional Planning Commission hearing.

Thank you again for your letter.

Sincerely,

A handwritten signature in cursive script that reads "Michael D. Antonovich".
